The Summer KiwiSaver scheme

Martin Hawes AFA
Chair, Summer
Investment Committee

We are investment specialists – As part of Forsyth Barr, we bring over 80 years of investment experience. The Summer Investment Committee is chaired by **Martin Hawes**, a respected investment specialist.

We are active managers – We respond to market opportunities as they appear, rather than tracking an index irrespective of changing market circumstances.

We are focused on performance – Performance information can be found in the latest fund update and at www.summer.co.nz/performance.

We keep you informed – We share our knowledge, making sure you are informed about both your money and the broader investment market.

We enable you – We provide you with access to Forsyth Barr Authorised Financial Advisers, and we make it easy for you to make changes to your account.

We have a clear, socially responsible investment framework – We are transparent about where your money is invested.

Our fees are simple

Fees are deducted from your investment and reduce your returns.

Annual fund charges: 0.9% p.a. of the value of your investment.

Other charges: An account fee of \$36 per member per year.

All fees and charges are quoted inclusive of GST.

It's free to make changes to your account including switching between funds.
