

Summer KiwiSaver Scheme Summer Balanced Selection

Fund Update as at 31 March 2020

This fund update was first made publicly available on 30 April 2020.

What is the purpose of this update?

This document tells you how Summer Balanced Selection¹ has performed and what fees were charged. The document will help you to compare the fund with other funds. Forsyth Barr Investment Management Limited prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this fund

We aim to achieve positive long-term returns by choosing a mix of cash, fixed interest, equity and property investments. Investors can expect moderate to high levels of movement up and down in value and to receive longer-term returns that are higher than those of the Summer Conservative Selection but lower than those of the Summer Growth Selection.

Total value of the fund	\$86,666,597
Number of members in the fund	2484
The date the fund started	19 September 2016

What are the risks of investing?

Risk indicator² for Summer Balanced Selection:

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five years to 31 March 2020. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the Product Disclosure Statement (PDS) for more information about the risks associated with investing in this fund.

How has the fund performed?³

	Past year
Annual return (after deductions for charges and tax)	-0.55%
Annual return (after deductions for charges but before tax)	0.18%
Market index annual return (reflects no deduction for charges and tax)	-0.90%

The market index return is based on a composite index made up of the indices used to measure the performance of each asset class invested in. Additional information about the market index is available on the Summer KiwiSaver scheme's entry on the offer register at www.business.govt.nz/disclose.

Annual return graph

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 31 March 2020.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in Summer Balanced Selection are charged fund charges. In the year to 31 March 2019 these were:

	<i>% of net asset value⁴</i>
Total fund charges	0.90%
Which are made up of:	
Total management and administration charges, including	0.90%
Manager's basic fee	0.90%
Other management and administration charges	0.00%
Total performance-based fees	0.00%
Other charges	<i>Dollar amount per investor</i>
Account fee ⁵	\$36.00

Investors are not currently charged any other fees. See the PDS for more information about fees.

Small differences in fees and charges can have a big impact on your investment over the long term.

Example of how this applies to an investor

Kim had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Kim received a return after fund charges were deducted but before tax of \$18 (that is 0.18% of her initial \$10,000). Kim also paid \$36 in other charges. This gives Kim a total loss after tax of \$91 for the year.

What does the fund invest in?

This shows the types of assets that the fund invests in.

Actual investment mix

Target investment mix

Further information

You can also obtain this information, the PDS for the Summer KiwiSaver scheme, and some additional information from the offer register at www.business.govt.nz/disclose.

Notes

- ¹ On the 8 April 2019 the Summer Investment Selection was renamed the Summer Balanced Selection.
- ² This fund came into existence on 16 September 2016. We've calculated the risk indicator using market index returns data for periods before that date, and actual fund returns data afterwards. Using market index returns data may make the risk indicator a less reliable indicator of how much fund values might go up and down in future.
- ³ Summer KiwiSaver scheme was previously known as the Forsyth Barr KiwiSaver Scheme - you can find a link to historical performance information for the funds in the Forsyth Barr KiwiSaver Scheme at <https://www.summer.co.nz/the-summer-scheme/performance-information/quarterly-fund-updates/>.
- ⁴ All fees and charges are quoted inclusive of GST.
- ⁵ The account fee is charged at \$3 per member, per month.
- ⁶ These personnel are employees of Forsyth Barr Limited, which carries out investment management and daily administration of the Summer KiwiSaver scheme (and is an authorised body under our licence as a manager of registered schemes).
