Martin Hawes, Chair, Summer Investment Committee

The Summer KiwiSaver scheme

We are investment specialists –

As part of Forsyth Barr, we bring over 80 years of investment experience. The Summer Investment Committee is chaired by **Martin Hawes**, a respected investment specialist.

We are active managers – We respond to market opportunities, rather than tracking a market index irrespective of changing market circumstances.

We are focused on performance –

Performance information can be found in the latest fund update and at www.summer.co.nz/performance. An overview of the latest performance results is also included overleaf.

We keep you informed – We share our knowledge, making sure you are informed about both your money and the broader investment market.

We enable you – We provide you with access to a financial adviser and we make it easy for you to make changes to your account.

Responsible investment, including environmental, social and governance considerations, is taken into account in the investment policies and procedures of the Scheme.
